

PHANTOM 12000 (ULTRA)

Perfect Oil.
It's so perfect, we
GUARANTEE IT'S
Quality
Reliability
Uniqueness

"Best Quality, **PDS**

Product

| Type

**API SL SAE
20W-50**

**Engine Oil For Passenger
Cars**

Application

Recommended for vehicles manufactured from year 2012 onwards.

QUANTUM Phantom 12000 Ultra is the multigrade engine oil specially engineered to exceed the latest API SL standards meant for current generation high performance engines, especially those fitted with emission control devices. It is exclusively formulated with premium mineral base fluids and unique environmentally friendly additives system to provide exceptional thermal and oxidation stability that minimizes oil thickening at very high operating temperatures, excellent deposits control and minimized engine wear and tear.

An advanced additive system ensures excellent control over soot induced wear, high temperature piston deposits, corrosion, foaming and oxidation stability. It also provides excellent resistance to bore polishing, a high level of wear protection and ensures superior engine cleanliness at extended drain intervals.

Meets the Specifications of:

- API SL
- API CF

Product

| Type

***API SL SAE
20W-50***

***Engine Oil For Passenger
Cars***

Characteristics	Phantom 12000 (Ultra)
	API SL SAE 20W-50
Density @ 15 C, kg/l	0.887
Pour Point, C	-31
Flash Point, C	227
Kinematic Viscosity, cSt	
@ 40 C	143.57
@ 100 C	17.20
Viscosity Index	130.59
Cold Cranking Visc @-15C, cP	7204.66

The product typical may change without notice. However, the performance of the product would meet & exceed the API & OEM requirements

Customer Benefits

- Boost engine power and torque for better engine response and acceleration.
- Excellent fuel economy benefits, especially for the SAE 20W-50 grade.
- Ultimate engine wear protection at extreme driving conditions to prolong engine life.
- Exceptional engines cleanliness - protects against engine sludge and varnish deposits.
- Resists viscosity and thermal breakdown even in the severest service for longer drain capability.
- Excellent cold engines starting - minimize friction and wear at a start-up.

Recommended Oil Interval Changes

The oil change intervals can be as short as 7,000 km or as long 8,000 km on some well-maintained vehicles. We recommend that you follow the oil and filter change frequencies shown in your owner's manual. With the high-performance mineral engine oil, you can have the confidence to go the full mileage or time frame recommended by the vehicle manufacturer. Phantom 12000 Ultra is especially suitable for the vehicles with extended drain intervals or vehicles with oil monitoring systems that vary oil drain intervals. and this is subject to first time Quantum Engine Flush.
